The Developer shall have sole architectural and design reviewing authority for the Development until the SCPACC has been established. SCPACC shall be established and the Developer shall transfer reviewing authority to it when 75% of the lots in the Development have been sold.

1.02 Approval Requirements. No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure on the Lot and a finished floor elevation (FFE) relative to the street curb have been approved by the Developer or SCPACC.
